Sent on to the Grand Jury.

On Tuesday night last the store of A. J. Deavers & Co., No. 1000 Oranoo street, was entered and about seven dollars' worth of goods were stolen from the store. Several bottles of Arlington brand of whisky were carried off. Officers Beach and Lyles took charge of the case, and yesterday were satisfied that the robbery was committed by a young man named Ernest Jones. They proceeded to arrest the latter, and this morning he was brought before Justice Caton in the Police Court. The evidence showed that Jones had late Tuesday night carried a bottle of Arlington whisky to an acquaintance and requested him to open it and pour the liquor in another bottle, as it was "crooked whisky." He also went to a saloon and entertained a number of friends, exhibiting money when it was known that previously he had had none. One witness saw a man resembling Jones standing at a window of the saloon after it had been closed Tuesday night. The man was acting suspiciously and attracted the attention of the witness. Jones was in the saloon shortly before it was closed for the night. The accused declined to make a statement and was sent on to the grand jury.

Stole Cake of Cheese.

Charles Harris, colored, entered Mr. E. E. Lawler's store on Cameron street yesterday afternoon and was in the act of leaving with a cake of cheese in his arms when he was intercepted by the proprietor. A telephone call was sent to the station house and Officers Sherwood and Young went to the store and took Harris in charge. He was brought before Justice Caton in the Police Court this morning and fined \$10. Harris is from South Carolina. Mr. Lawler had two cakes of cheese stolen from him recently, and he has reasons for believing that Harris took them. When taken in custody yesterday he had a copper oil can in his possession. He said he bought it from a boy for ten cents. It is believed that it was stolen from the Potomac railroad yards.

Charged With Lunacy.

Mrs. Goswelling, widow of John G. Goswelling, who lives at Del Ray, yesterday asked the authorities of this city to apprehend her sixteen-year-old son Massey, who she said had shown signs of dementia and who had left home yesterday to Alexandria to get married. Later Chief Goods arrested young Goswelling. Dr. Arthur Snowden examined the youth and concluded that his mental faculties were impaired. He came to this city with the avowed purpose of marrying a fourteen-year-old girl living on south Fairfax street. Excessive cigarette smoking is said to be the cause of his present condition. A commission held at the station house today pronounced young Goswelling to be of unsound mind.

Police Court.

[Justice H. R. Caton presiding.] The following cases were disposed of this morning: Charles Harris, colored, arrested by Officers Sherwood and Young charged with stealing a cake of cheese from E. E. Lawler, was fined \$10. Ernest Jones, arrested by Officers Lyles and Beach charged with robbing the saloon of A. J. Deavers & Co., was sent on to the grand jury. Massey Goswelling, arrested by Chief Goods on suspicion of lunacy, was held. James Johnson, colored, arrested by Chief Goods charged with assaulting E. J. Johnson was fined \$5.

The Southern Railway.

It is learned from President Finley, of the Southern Railway Company, that owing to the crowded condition of some of its single-track lines, and the double-track work, including the revision of grades and alignment, now under way, for the purpose of relieving the crowded condition of the present single-track, the Southern Railway Company finds it difficult to maintain the time of some of its passenger trains, as now scheduled, and will, in consequence, in the early part of January ensuing, revise these schedules, putting them on the basis of slower speed, with the expectation of being able to maintain them, and believing that under the circumstances this arrangement will be more satisfactory to the public. In this connection President Finley says:

"The double-track work is being vigorously pushed, and on other parts of the road where double-track work is not now under way, but where traffic is heavy, passing tracks are being put in, and those already in extended, in order to facilitate the movement of trains. All such passing track work is being done with the ultimate object of utilizing it as double-track when double-track work may be undertaken in those localities."

"The improvement in passenger train movement will naturally improve the movement of freight trains."

"The Southern Railway Company is arranging to shorten its operating divisions, increasing the number from 14 to 27, each one of these divisions to be in charge of a superintendent. Men now in the service will be promoted to the additional positions thus created. This arrangement, it is believed, will result in increased efficiency, and will, it is further believed, promote the mutual interest of the public and the company."

"In the arrangements referred to the company is developing and making effective policies intended by its late president."
